About Small PHP Scripts

PHP is one of the most popular and widely used open-source server-side scripting languages. It is a general-purpose, multi-paradigm, dynamically typed, weakly typed, and interpreted programming language. It is a multi-paradigm, stateless, client-server, other scripting languages (Ruby, etc.). There are many good reasons why many Website Developers prefer it as their scripting language.

Small PHP Scripts is a collection of a wide variety of PHP scripts, including Social Media, Local Search, Social Media, Product Catalog, Maps, Forms, and more. You'll find the full list of PHP scripts at [smallphpscripts.com](#) and you are being built!
